

Supply List/Instructions for April Workshop Barbara Black

Prior to the April workshop, participants should make 20-25 4" blocks (4.5" with seam allowance). Suggested blocks are 4-patches, double 4-patches, or pinwheels.

OR, you can make all the blocks in class using speedy techniques. Bring 26-30 6.5" squares of fabric, half light, half medium/dark.

Scrappy blocks work well, but you can also choose to use only two fabrics for your blocks.

For the workshop, you also need to bring fabric for the layout options: one yard each of 3 different fabrics, one for the outer edge and two for the inner blocks. For scrappy inner blocks, bring 6-8 fat quarters plus 1 yard for the outer edge. NOTE: there are three different layout options--you can make 1, 2, or all 3 options. You will need extra 4" blocks if you choose to do more than one option.

Handout fee: \$5.00

Supplies:

Sewing machine with foot pedal, power cord, extra needles, 1/4" foot for piecing

Sewing thread, good quality neutral gray or beige

Scissors, stitch ripper, basic sewing kit

Paper and pencil for notes
